

Unit 4, lyrics “Return To Nature”

Woods and hills, romantic sunsets,
No pollution, just fresh air.
No more noise, just friendly neighbours,
Affordable and quiet life.

Let's return to nature:
Beautiful sceneries, remote country life!
Let's return to nature:
Reconnecting with this kind of life will be so nice!
Let's return to nature:
Fascinating animals, farm and country life!
Let's return to nature:
In our holidays this kind of life felt right ...

Woods and hills, swarms of mosquitoes,
The smell of farms is always there.
No internet or public transport,
Or any night life anywhere.

Let's return from nature:
Beautiful sceneries cannot top city life!
Let's return from nature:
I just can't reconnect with this kind of life ...
Let's return from nature:
Zoos and rooftop gardens also can be very nice!
Let's return from nature:
And just spend our holidays in the countryside!
